Get behind-the-scenes *Suite Life* deets!

Hey *M* girls!

Justin Kredible, the heartthrob magician with the knack for whipping out tricks and making people laugh, will be making a special appearance on Disney's *Suite Life of Zack & Cody* this fall! In an exclusive interview with *M*, Justin spills about his experience on set, including inside deets on his roll as the Amazing Armando! He shares that his character is a super cool, young magician on the S.S. Tipton Cruise Ship who uses his tricks to flirt with London, played by Brenda Song. (What's especially funny about his role is that Justin has actually

worked as a magician on cruise ships before... even on the Disney cruise!)

As for working alongside Dylan and Cole, Justin says, "Those two dudes were the coolest! They inspired me to step up my game once I walked on set... they are total pros." So did Justin practice any magic on the set when the cameras weren't rolling? Of course! He explains that when they weren't shooting, Debby Ryan would have him show her tricks. "She LOVES magic," he tells *M*. "She even invited me to her Sweet 16 party to do a couple tricks... it was a blast!"

Let's dish:
